VIP Health Initiative

The *VIP Health Initiative*, Partners' new secure website, is now live. ePrescribing with interfaces to physicians' practice management systems is up and running. Online Laboratory reporting will soon begin. Training of the 1st 100 Early Adopter physician offices is taking place. We're excited to achieve this crucial first step towards providing a low-cost, non-disruptive solution for quality, cost-effective care, and ePrescribing.
